

Axis Terra Wall Light

SPECIFICATION SHEET

DESCRIPTION

The Axis Terra Wall Light by Noolight is a sophisticated union of geometric balance and natural materials. Featuring two slender wood rods suspended vertically through a central cube of textured travertine, this design exudes minimalism with a sculptural edge. The warm integrated LED glow extends from both ends, casting a soft vertical illumination ideal for modern hallways, living spaces, or entryways. The raw beauty of stone contrasts elegantly with the sleek metallic lines, creating a timeless piece that blends art, architecture, and ambient light.
