

Caelia Travertine Pendant Light

SPECIFICATION SHEET

DESCRIPTION

The Caelia Travertine Pendant Light by Noolight channels the elegance of classical architecture with a modern twist. Inspired by ancient Roman columns, its fluted travertine stone body is expertly sculpted to bring texture, weight, and timeless beauty to any space. The warm glow emitted from the cylindrical base creates a subtle contrast to the raw stone, resulting in a pendant that feels both grounded and ethereal. Ideal for kitchens, dining areas, or entryways, the Caelia adds a sculptural and sophisticated presence wherever it's placed.
