

# Cone Travertine Arc Sconce

---

SPECIFICATION SHEET

DESCRIPTION

A cone travertine arc sconce — a hand-carved natural-travertine cone shade hung from a black arc arm with a walnut-wood ball at the tail, on a round walnut backplate. The arm sweeps the cone off the wall for a warm downward pool of light through the porous stone. H15.7", 8.3" projection, E27 base, bulb included. For bedsides, hallways, and accent walls.
