SPECIFICATION SHEET

DESCRIPTION

Introducing the Eclipse Orb Sconce, a truly distinctive lighting piece crafted from a unique, textured 'black hole stone' material. Its sleek, elongated form gently cradles a luminous spherical orb, creating a captivating visual effect reminiscent of a celestial body emerging from shadow. The raw, volcanic texture of the stone provides a dramatic contrast to the soft, diffused glow of the light, offering a sophisticated blend of natural ruggedness and refined elegance. The Eclipse Orb Sconce is designed to cast an enchanting, atmospheric light, perfect for adding an element of cosmic artistry and modern intrigue to any wall.
