

Elira Wall Sconce

SPECIFICATION SHEET

DESCRIPTION

The Elira Wall Sconce by Vakkerlight is a poetic fusion of nature and modern artistry. Featuring a soft, glowing opal glass orb cradled by a carved travertine base, the design evokes a sense of calm and quiet luxury. The concentric ridges in the stone add depth and texture, creating a sculptural statement piece even when unlit. Elira is perfect for adding warmth and architectural elegance to living rooms, bedrooms, or curated spaces that value timeless design and natural materials.
