

# Kaelo Pendant Light

---

SPECIFICATION SHEET

DESCRIPTION

Geometric precision meets natural texture in the Kaelo Pendant Light by Vakkerlight. This eye-catching fixture features a faceted, stone-textured canopy that forms a modern architectural silhouette over a soft glowing glass globe. The contrast of sharp lines with the round diffuser brings balance, making Kaelo both a statement piece and a functional source of ambient light.

Perfect for kitchen counters, bedside lighting, or grouped above a dining table, Kaelo adds a sculptural presence to any space while preserving a grounded, earthy aesthetic.
