

Eloria Glass Ceiling Lamp

SPECIFICATION SHEET

DESCRIPTION

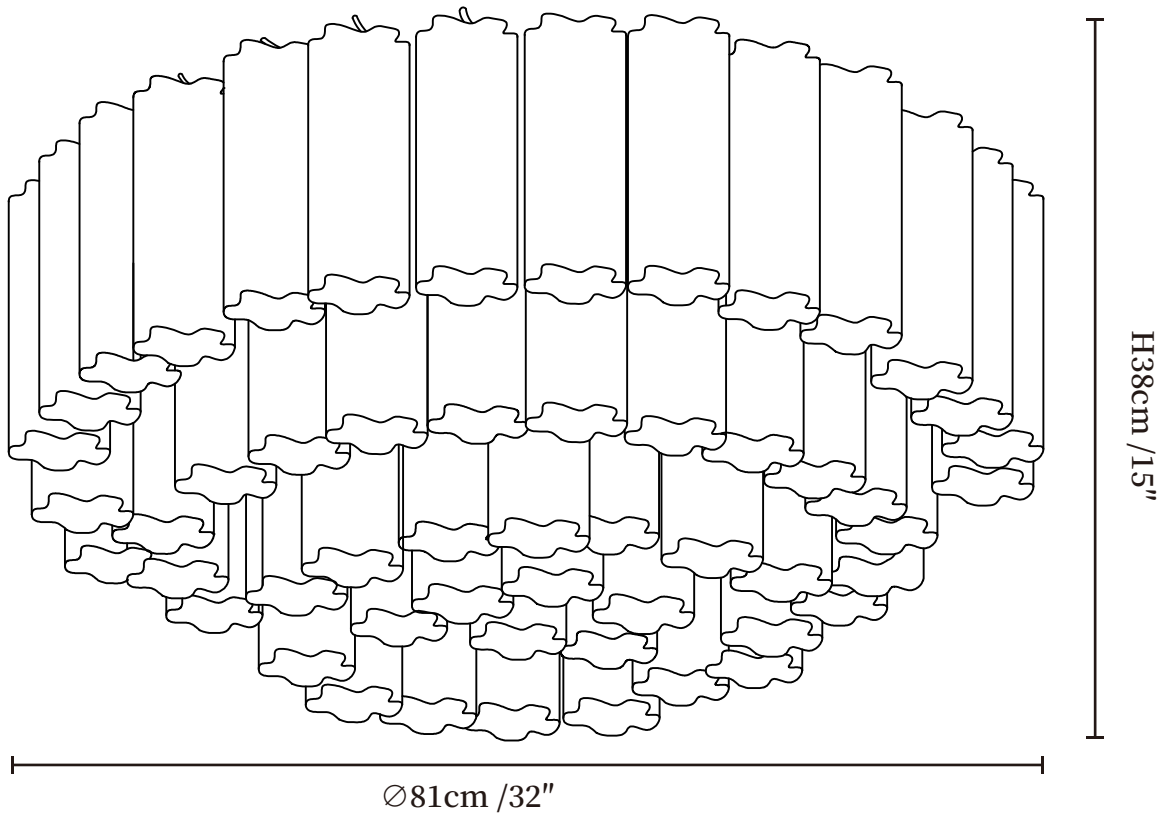

Rows of fluted rectangular glass tubes are arranged in concentric rings and suspended from a gold-finish canopy that mounts directly to the ceiling — the fixture sits close to the ceiling at 12–15 inches drop, making it suitable for standard ceiling heights where a hanging pendant would be too low. The 9-bulb Ø 22" version works for dining rooms and living rooms up to roughly 150 sq ft; the 17-bulb Ø 32" version covers larger spaces up to around 300 sq ft. Five glass color options are available at checkout; size, finish, and tube count can all be customized on request.

SPECIFICATION DETAILS

*For custom options, consult factory for details

SKU	VKC6-2584-01
Fixture Dimensions	Ø 22" x H 12"
Light source	E12 or E14(bulb not included)
Wattage	MAX 15W incandescent bulb or LED equivalent.
Voltage	AC 110-240V
