

Carved Wood Cordless Table Lamp

SPECIFICATION SHEET

DESCRIPTION

A small cordless table lamp carved from solid wood — a stacked sequence of organic, twisting curves rising to a compact mushroom-style shade at the top, seated on a perforated wood disc base. Built around a 6000 mAh USB-C rechargeable battery with touch-dimmer control: up to 24 hours of warm light at the brightest setting, or 72 hours on low. No cord, no outlet to plan around — set it on a bedside, side table, dining surface, study desk, or anywhere a soft glow belongs. Available in three finishes: Dark Wood, Light Wood, or Matte Black.
